ABOUT THE GROUP

Suhail Industrial Holding Group, Qatar's leader in industrial products, technology, and services, is providing the most innovative industrial solutions from Qatar to the rest of the world.

ABOUT US

NASK Brakes Industries, a premier manufacturer based in Qatar, dedicated to crafting top-of-the-line brake pads for a wide range of vehicles. With a steadfast commitment to quality, our skilled engineers utilize the most advanced techniques and technologies to produce brake pads to meet both local and global standards.

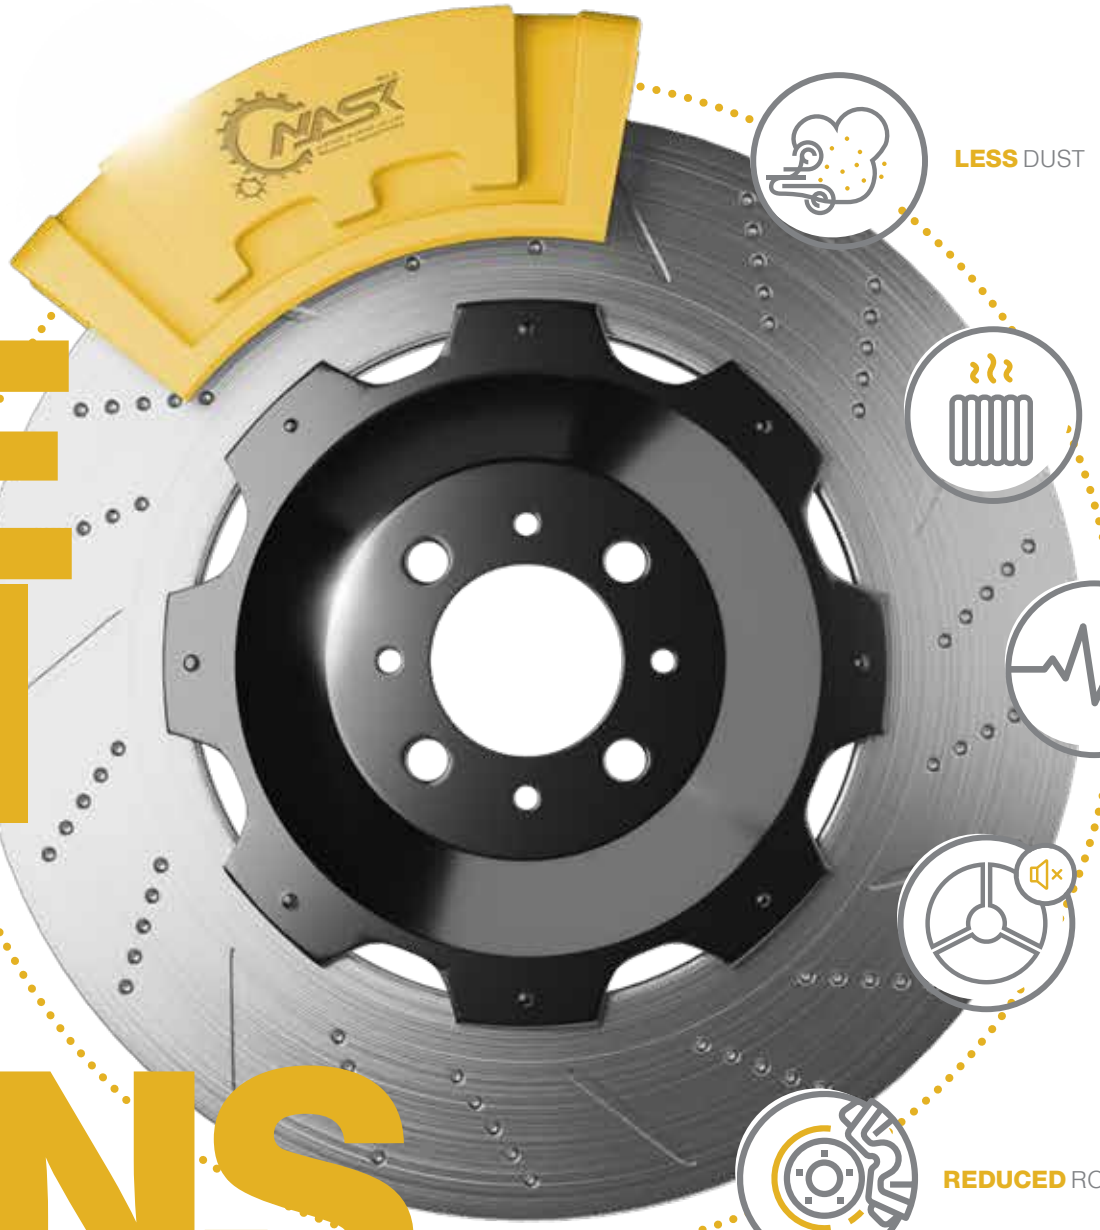
To achieve this, we have partnered with “KALE BALATA”, an esteemed company with over 45 years of expertise in the field. Our collaboration ensures that our products are of the highest quality and meet the demands of even the most discerning customers.

OUR GOALS

NASK aims to lead the brake industry in the region by providing high quality products for a comfortable and safe driving.

We strive to achieve this through our commitment to quality, innovation and customer satisfaction.

SPECIFICATIONS



LESS DUST

GOOD HEAT DISSIPATION

LONGER PAD LIFE

QUIETER BRAKING

REDUCED ROTOR WEAR

WHAT TO EXPECT

Safety: Our brake pads are manufactured from premium materials, ensuring your safety and peace of mind while driving.

Comfort: At our state-of-the-art laboratory, we conduct strict testing to guarantee that our brake pads deliver the utmost comfort and reliability on the road.

Affordability: Thanks to our integrated network of 10 factories operating across the supply chain, we are able to offer high-quality brake pads at competitive prices to our valued customers.

STANDARDS

Our products comply with the following standards

ISO 9001:2015
Quality Management Systems

ISO 14001:2015
Environmental Management Systems

ISO 45001:2018
Occupational Health and Safety Management Systems

IATF 16949:2016
Quality Management Systems
For automotive production and relevant service part organizartions

GSO ECE R90:2009
Replacement Brake Lining Assemblies and Drum Brake Linings for Power-Driven Vehicles and Their Trailers

QUALITY LAB

Our quality lab, which is the only one of its kind in the GCC and Middle East with such advanced capabilities.

These machines enable us to conduct testing and analysis, ensuring that our brake pads meet the highest standards of quality and safety.

Our customers can trust that their brake pads have undergone extensive testing, ensuring that they are reliable and have a long lifespan on the road.

TEST EQUIPMENT

HYDRAULIC COMPRESSIBILITY TEST MACHINE

With our compressibility test machine, we can guarantee that our brake pads provide the highest quality and excellent response, ensuring your safety and peace of mind on the road.

When you choose our products, you're choosing the best for you and your family.

TEST EQUIPMENT

SHEAR TEST MACHINE

At the heart of our commitment to delivering the best brake pads in the market is our shear test machine. Our machine ensures that our brake pads can withstand high speeds, sudden brakes, and emergency purposes without any failures or damage to the vehicle's components.

With less braking distance and the fastest response, our brake pads will give you the confidence to drive safely and enjoy the highest levels of comfort.

TEST EQUIPMENT

BRAKE PERFORMANCE DYNAMOMETER

Our dynamometer's ability to simulate real-world scenarios ensures that our brake pads are reliable and durable, providing you and your loved ones with the peace of mind you deserve.

Our dynamometer, the unique one in the middle east region, that can recreate the pressure, dust, acceleration, and deceleration that a vehicle experiences on the road, putting our products to the test in a safe and controlled environment to guarantee the client's trust.

TEST EQUIPMENT

KRAUSS FRICTION MATERIAL TEST

At the heart of our commitment to delivering the best brake pads in the market is our shear test machine. Our machine ensures that our brake pads can withstand high speeds, sudden brakes, and emergency purposes without any failures or damage to the vehicle's components.

With less braking distance and the fastest response, our brake pads will give you the confidence to drive safely and enjoy the highest levels of comfort.

OUR PRODUCTS

At NASK Brakes Industries, we are committed to delivering the best brake pads to our customers. Our factory uses modern machinery to craft every pad to perfection, ensuring they are free from defects. Using the high-quality friction materials, carefully selected to provide exceptional braking performance and a smooth driving experience.

We stand behind every pad we produce, and our rigorous testing ensures that our brake pads meet the highest quality standards.
